RACE TRANSPORTER 4

RACE TRANSPORTER 4
EVOLVED, VERSATILE, VALUE

DELIVERING **PREMIUM VALUE**

The evolved **Race Transporter 4** now presents the highest quality standards with advanced features previously unavailable at this level. Unmatched value and specification makes **Race Transporter 4** ideal for high level motorsport.

All models feature a full width, full height rear door ramp with gas spring assistance. Low ground clearance competition cars load easily thanks to a combination of ramp doors combined with hydraulic tilt-bed.

Race Transporter 4 standard specification provides the same high quality chassis and body as other Race Transporters, and allows for a bespoke specification to suit individual circumstances.

RACE TRANSPORTER 4

RACE TRANSPORTER 4

Evolved, Versatile, Value

Sharing many of the Race Transporter 5 and 6 features, the new **Race Transporter 4** achieves a generational leap in aesthetics and specification. It now includes a full width and height rear door for easy access, finished with an exterior body moulding. Punched decking, hydraulic tilt-bed, electric winch and locking coupling are all standard.

Designed for the safe transportation of both road vehicles and race cars, **Race Transporter 4** is available with a comprehensive range of options to perfectly compliment your individual needs. (see p22)

Race Transporter 4 provides the most affordable fully enclosed transportation solution without compromising on quality, features or space.

● **Large 'Gullwing' side doors** provide practical access to vehicles from both sides of the trailer.

O Body Colour
Race Transporter range is available in white or optional black bodywork.

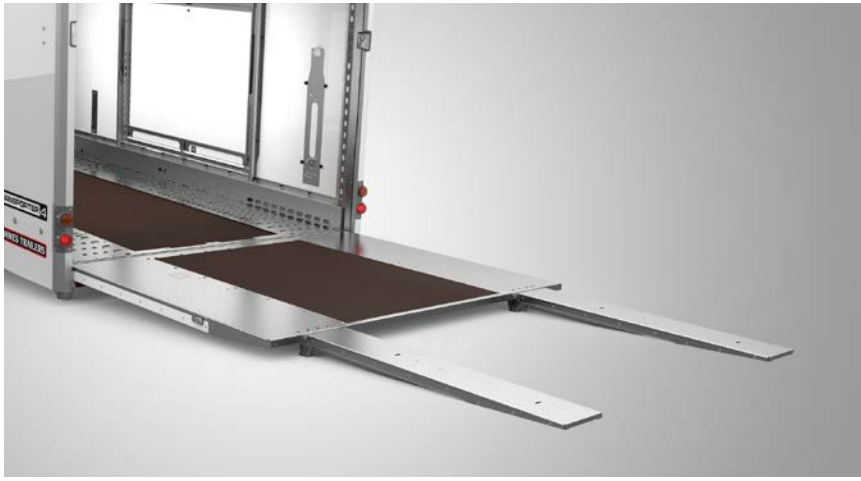
● **Front access hatches** are convenient for reaching inside during vehicle strapping.

● **Hydraulic tilt-bed**
Powerful hydraulic hand pump and cylinder powers the tilt-bed operation to create a convenient low loading angle.

● **High quality lighting system -** automotive specification lamps stylishly mounted. Front and side marker lamps are LED technology as standard.

O Upgrade to full LED lighting
Replace bulbed rear lamps with LED technology.

LED lamps: Note
LED lamps are not compatible with all towing vehicles. This may cause unintended consequences. Please check compatibility. A mix of filament and LED lamps is possible.



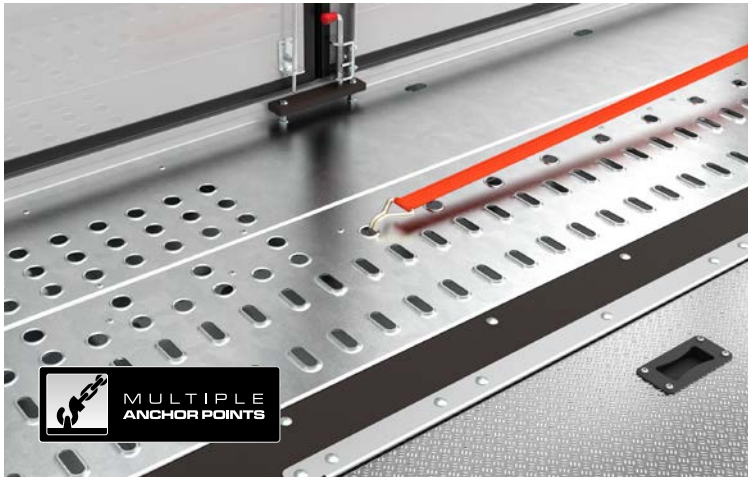
O Assistor ramps offer ultra-low loading angles. Stored just inside the trailer rear door for travel.

● **Daylight roof** takes advantage of natural daylight to create an enhanced working environment.

● Standard O Optional at extra cost

● **Twin axle** and light weight **low chassis** ensures excellent towing stability.

O Wheel options
New style alloy wheels available in Silver or diamond cut Anthracite.



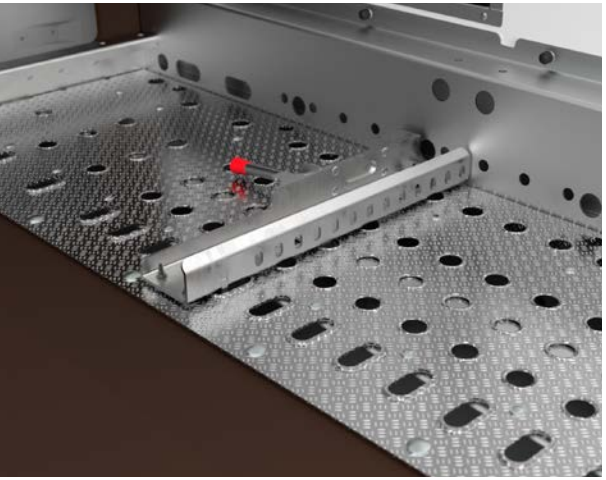
● **Multiple anchor points** and high strength decking provides strap attachment locations and a high level of grip.

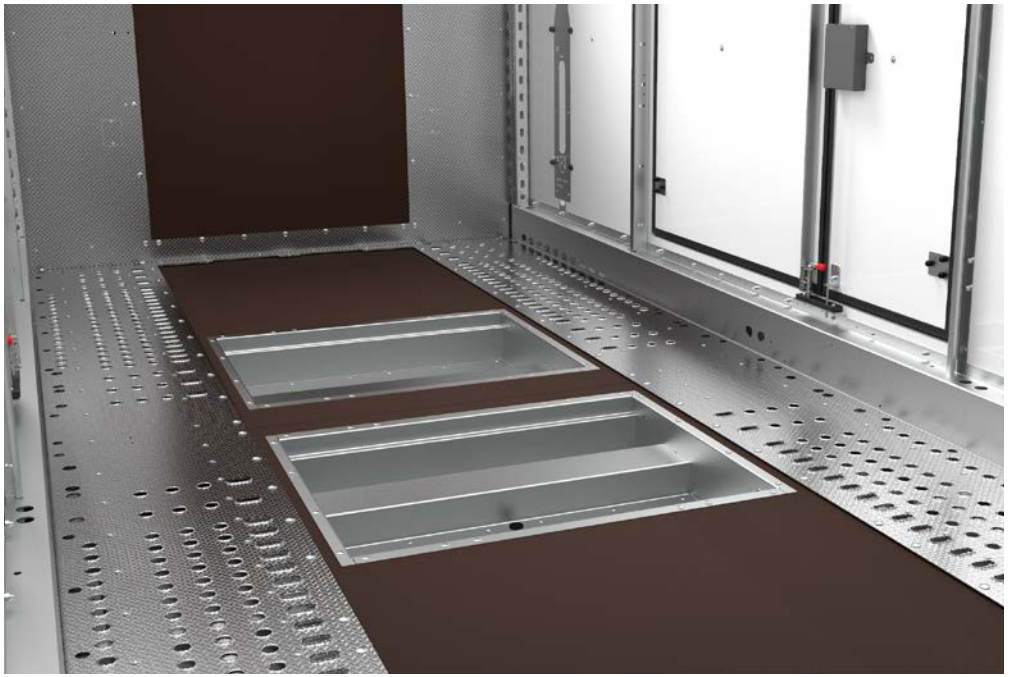
O Optional **deck slick pads** are available to protect race tyres.

● **Electric winch,** 12V with remote control lead. 4,500 lbs capacity, roller fairlead, wire cable and snap hook, plus on-board battery power. Separate mains battery charger also included.

O Fully adjustable, quick release wheel chock. Suitable for cars with low splitters.

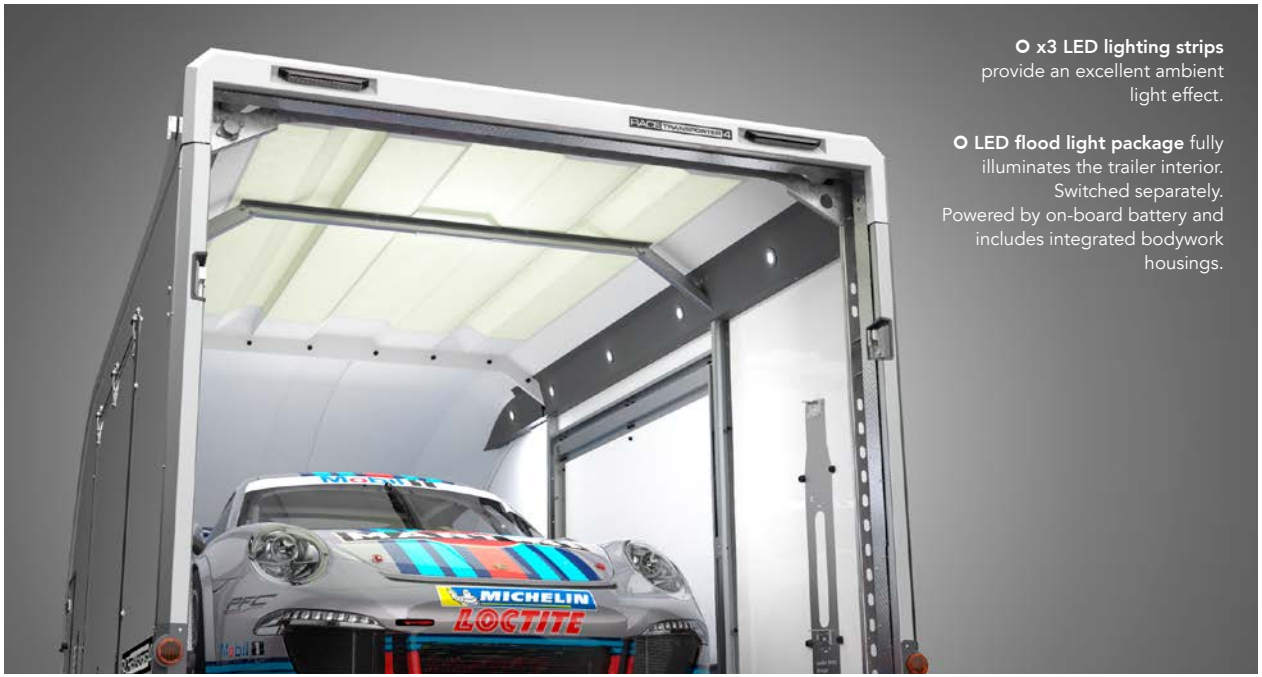
O Commercial type wheel chocks also available. (see p24)





O Floor storage trays provide an ideal location for heavy/bulky items. Factory fit option.

O Aluminium gas strut assisted lids available.



O x3 LED lighting strips provide an excellent ambient light effect.

O LED flood light package fully illuminates the trailer interior. Switched separately. Powered by on-board battery and includes integrated bodywork housings.

O Tie-down wheel 'sleeve' straps
Approved by car manufacturers and race teams alike, these straps hold the vehicle safely and securely without straining the suspension geometry.

● Standard O Optional at extra cost

RACE TRANSPORTER 5

RACE TRANSPORTER 5
FUNCTION, FEATURES, STYLE

CLASS LEADING **QUALITY**

Within the marketplace **Race Transporter 5** provides users requiring optimum access and high specification with the ideal solution.

Race Transporter 5 is available in a choice of lengths, widths and capacities. The low bed chassis provides stable and safe towing which combined with tilt-bed operation ensures low vehicles are easily accommodated.

All **Race Transporter 5** models feature a full width ramp door with single closing and locking mechanism and full bodywork to finish the look. Standard equipment also includes a pair of asymmetric side doors with personnel access, a pair of forward hatch doors, a remote control electric winch, wheel strap set and wheel chocks. Other convenient features include external and internal LED lighting throughout plus under deck storage.

RACE TRANSPORTER 5

RACE TRANSPORTER 5

Function, Features, Style

From its dependable ride to an abundance of usability features and high level of standard equipment, **Race Transporter 5** is a performer through and through.

Recent updates include revised styling inside and out, a full length black vinyl graphic, triple-grip punched aluminium decking, deck storage solutions and lids. Modern alloy wheel options in silver or diamond-cut black anthracite finish completes the high quality presentation.

Our commitment to functionality is found in everything we do. **Race Transporter 5**, in common with the Race Transporter range is made from high-grade materials to ensure strength and long term durability.

O Body Colour
Race Transporter range is available in white or optional black bodywork.

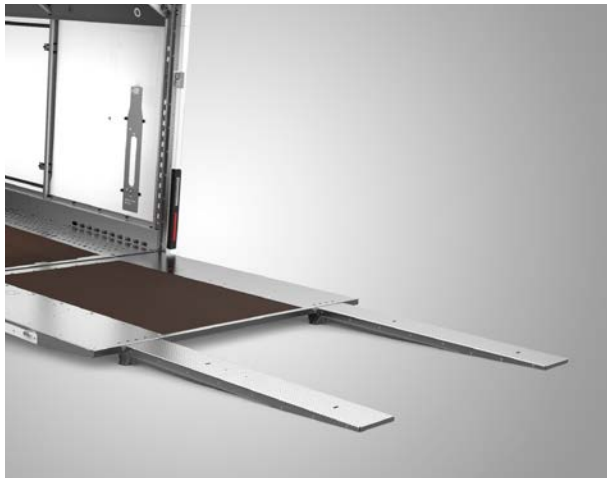
● **Large twin side doors** and front hatches provide practical access to trailers. Separately opening pedestrian doors work well in tight spaces.

● **Front access hatches** are convenient for reaching inside during vehicle strapping.

● **Daylight roof** takes advantage of natural daylight to create an enhanced working environment.

● Full width, full height **rear door ramp** features a high quality moulded rear bodywork. A central "easy close" integrated locking mechanism is key to operator convenience.

● **Hydraulic tilt-bed**
Powerful hydraulic hand pump and cylinder powers the tilt-bed operation to create a convenient low loading angle.



O Assistor ramps offer ultra-low loading angles. Stored just inside the trailer rear door for travel.

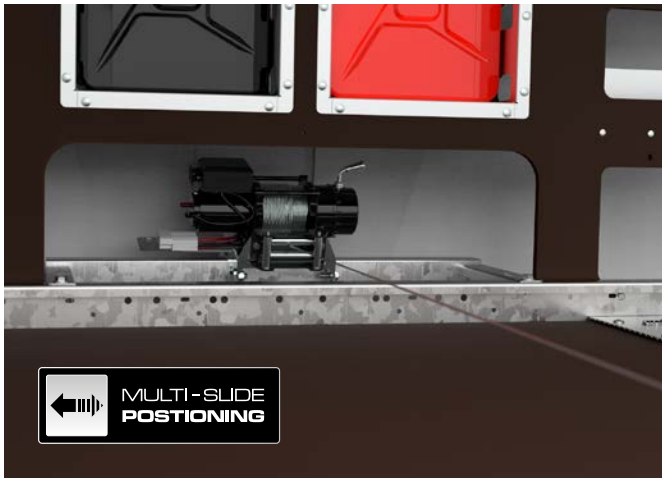
● Standard O Optional at extra cost

● **Full LED lighting**
LED lights are both super bright and reliable.
All lamps are LED technology as standard.

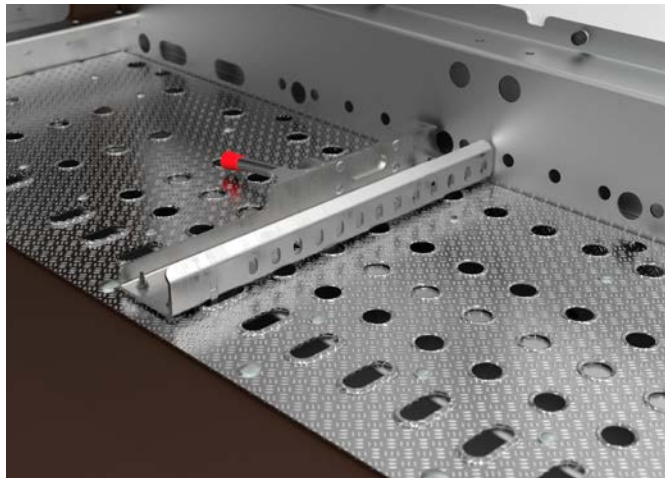
LED lamps: Note
LED lamps are not compatible with all towing vehicles. This may cause unintended consequences. Please check compatibility.

● **x3 LED lighting strips as standard**

O LED flood light package fully illuminates the trailer interior. Switched separately. Powered by on-board battery and includes integrated bodywork housings.



● **Electric winch,** 12V with remote control lead. 4,500 lbs capacity, roller fairlead, wire cable and snap hook. On-board battery power. Multi-slide positioned mounting allows suits all towing eye locations.

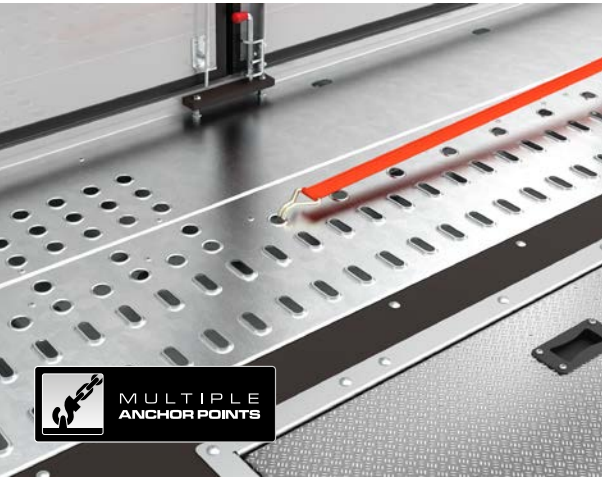


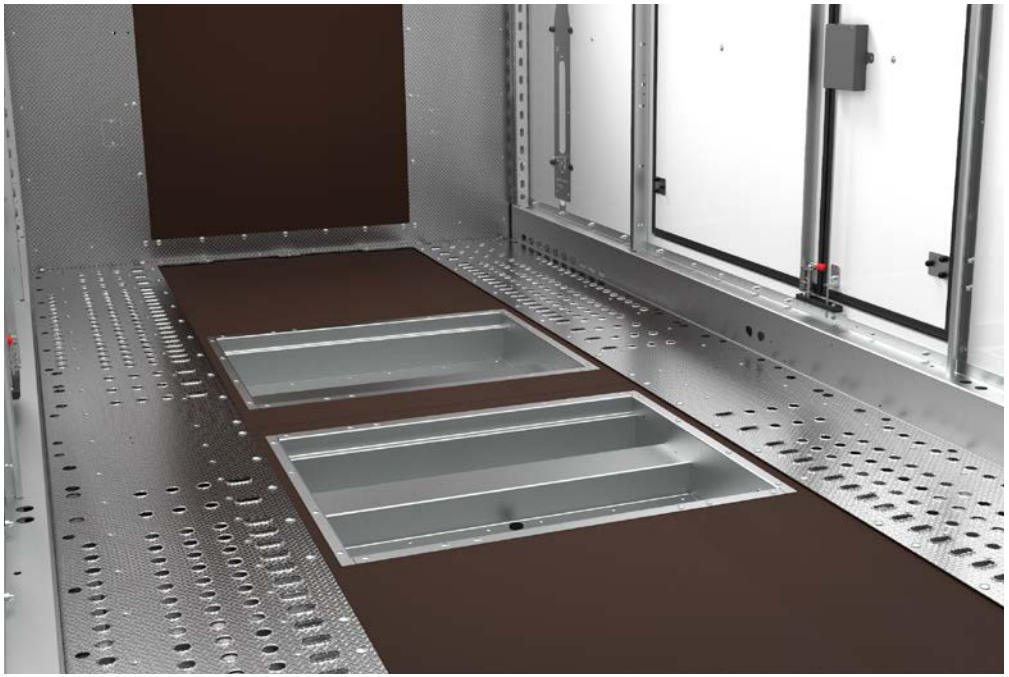
● **Fully adjustable, quick release wheel chocks**
Suitable for cars with low splitters.

O Commercial type wheel chocks also available. (see p24)

● **Multiple anchor points** and high strength decking provides strap attachment locations and a high level of grip.

O Optional **deck slick pads** are available to protect race tyres.





● **Floor storage trays** provide an ideal location for heavy/bulky items.

O **Aluminium gas strut assisted lids** available.

● **Tie-down wheel 'sleeve' straps**
Approved by car manufacturers and race teams alike, these straps hold the vehicle safely and securely without straining the suspension geometry.

● **Twin axle** and light weight **low chassis** ensures excellent towing stability.

O **Wheel options**
New style alloy wheels available in Silver or diamond cut Anthracite.

RACE TRANSPORTER 6

RACE TRANSPORTER 6
PURPOSE, PRECISION, PERFORMANCE

BUILT ON INNOVATION

Whether for supercar exotics, motorsport or classics, **Race Transporter 6** achieves unrivalled practicality and competence.

Offering two width, two height and three length options, the widest being the same as an HGV transporter, **Race Transporter 6** will handle wide sports cars with ease. The additional space provides an invaluable working environment for daily transport operations or small teams at race meetings.

Along with a high standard specification, the range and scope of individual options for storage and operational features further extends its capability.

Race Transporter 6 chassis design positions wheels under the bed providing a full width floor. To manage bed height and maintain a low centre of gravity **Race Transporter 6** has tri-axle running gear with 10" wheels and low profile tyres. 6.5m bed length models feature a 13" low profile tyre for extra durability.

RACE TRANSPORTER 6

RACE TRANSPORTER 6

Purpose, Precision, Performance

Built to outperform, **Race Transporter 6** has been designed around both transport operations and race weekends.

Light-weight materials and intelligent designs provide strength throughout. Combined with a proven chassis and advanced suspension, your journey with **Race Transporter 6** will exceed expectations.

Race Transporter 6 includes many specific features orientated towards providing a productive working environment. Multiple tyre and equipment storage locations are available, with enhanced options offering tailored solutions. Standard interior lighting, remote controlled electric winch, asymmetric side doors and hatches all contribute to making loading effortless.

● **Electric tilt operation** effortlessly creates a low loading angle. Onboard powered.

O Optional tilt-bed control via App.

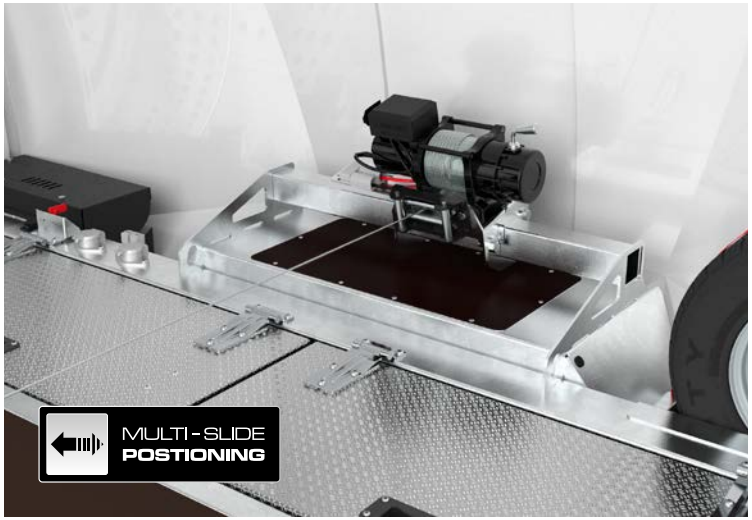
LOW LOADING ANGLE

● **Large twin side doors** and front and rear hatches provide practical access to trailers. Separately opening pedestrian doors work well in tight spaces.

● **Rear chassis rollers**

● **Front and rear access hatches** are convenient for reaching inside during vehicle strapping.

● **Electric winch,** 12V with remote control lead. 4,500 lbs capacity, roller fairlead, wire cable and snap hook. On-board battery power. Multi-slide mounting allows side-to-side positioning to suit all towing eye locations.



● **Electric winch connectors**
with additional usability from front and rear sockets.

● **Daylight roof** takes advantage of natural daylight to create an enhanced working environment.

● **x3 LED lighting strips as standard**

O LED flood light package fully illuminates the trailer interior. Switched separately. Powered by on-board battery and includes integrated bodywork housings.

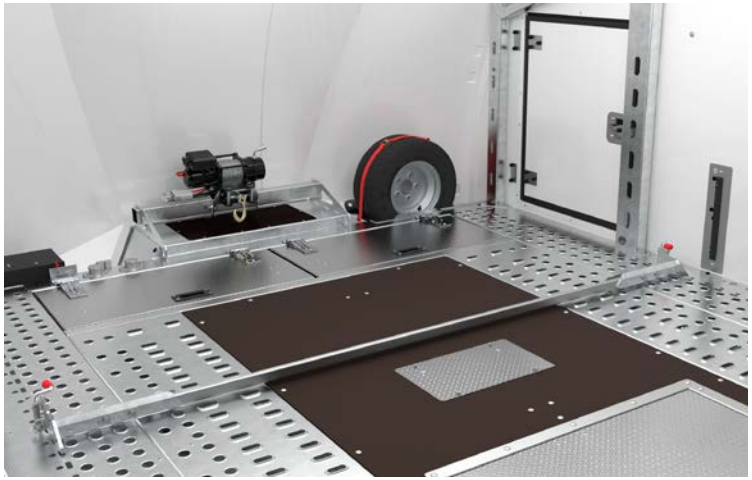
● **Full LED lighting**
LED lights are both super bright and reliable. All lamps are LED technology as standard.

LED lamps: Note
LED lamps are not compatible with all towing vehicles. This may cause unintended consequences. Please check compatibility.

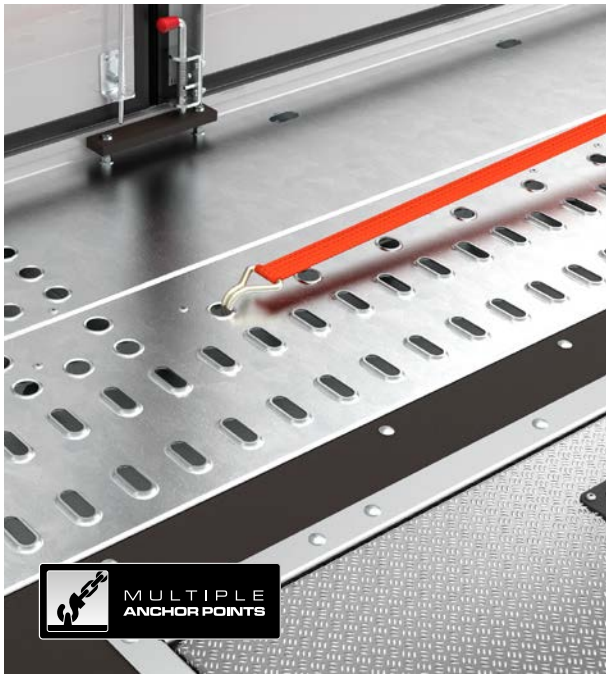
● Standard O Optional at extra cost

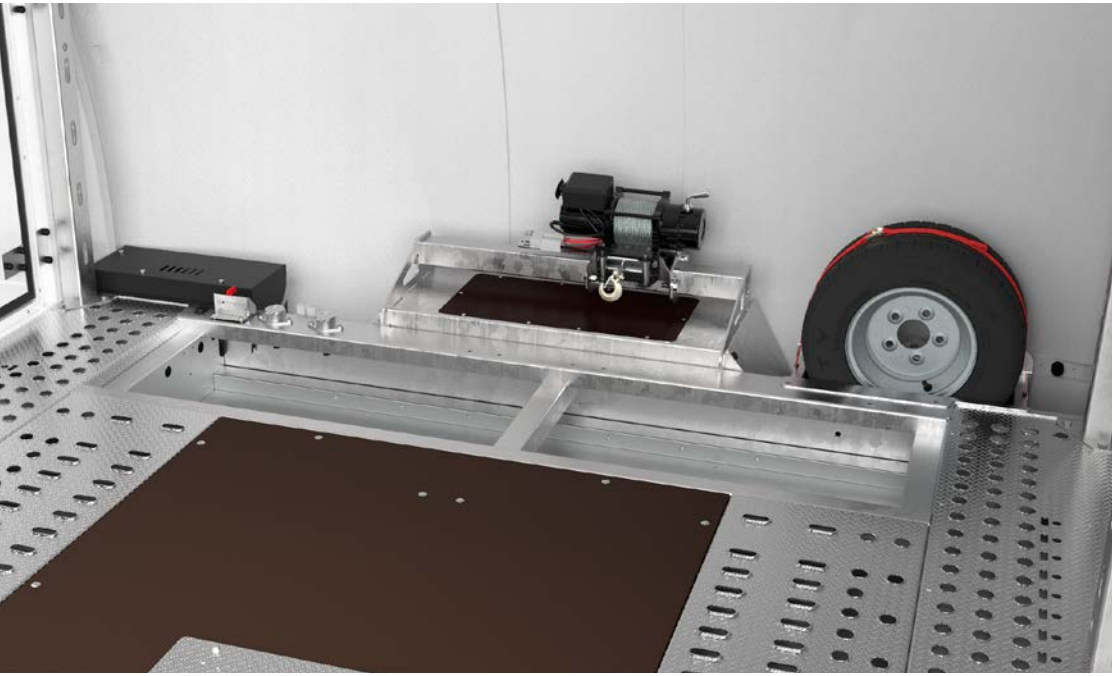
● **Fully adjustable, quick release, full width wheel chock**
Suitable for cars with low splitters.

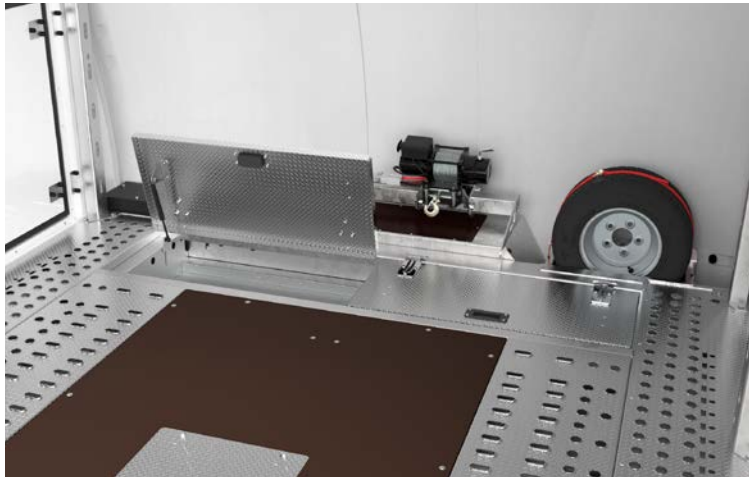
O **Commercial type wheel chocks** also available. (see p24)



● **Tie-down wheel 'sleeve' straps**
Approved by car manufacturers and race teams alike, these straps hold the vehicle safely and securely without straining the suspension geometry.







● **Front floor storage trays** provide an ideal location for heavy/bulky items.

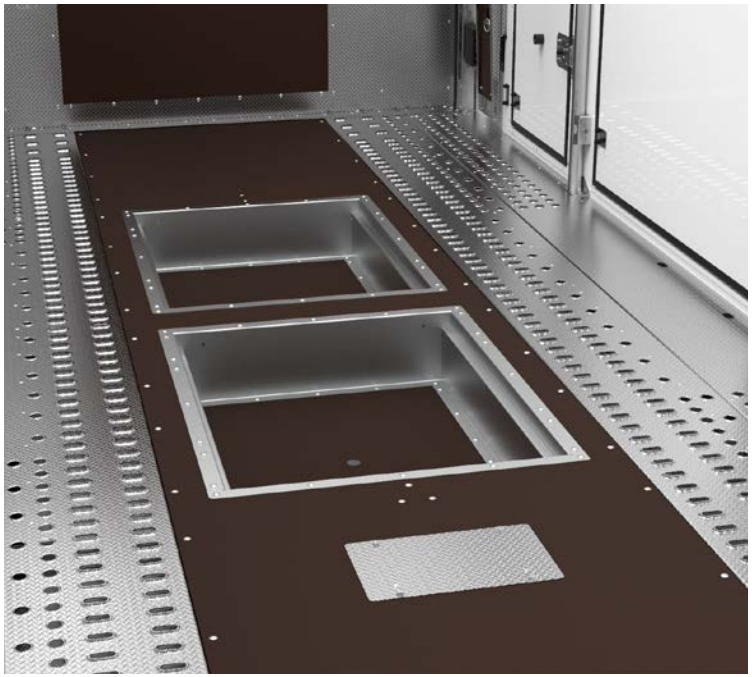
O **Aluminium gas strut assisted lids** available.

O **2nd spare wheel** available for total piece of mind.

● **Multiple anchor points** and high strength decking provides strap attachment locations and a high level of grip.

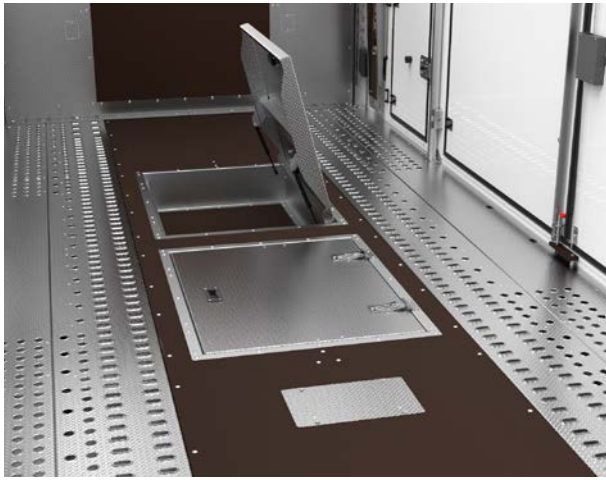
O Optional **deck slick pads** are available to protect race tyres.

O High roof option
Adds an extra 220mm to internal height.



● **Floor storage trays**
provide an ideal location
for heavy/bulky items.

O Aluminium gas strut assisted lids available



● **Triple axle** and light weight **low chassis**
ensures excellent stability.

O Wheel options
New style alloy wheels available in Silver
or diamond cut Anthracite.

O Body Colour
Race Transporter range is available in
white or optional black bodywork.

● Standard O Optional at extra cost

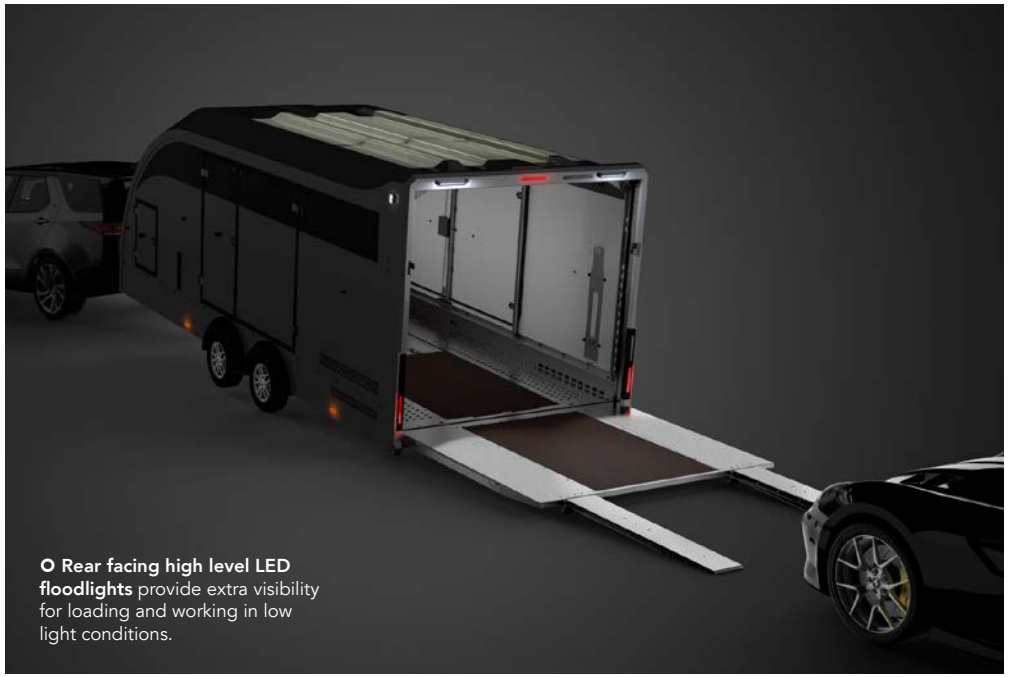
RACE TRANSPORTER

OPTIONS

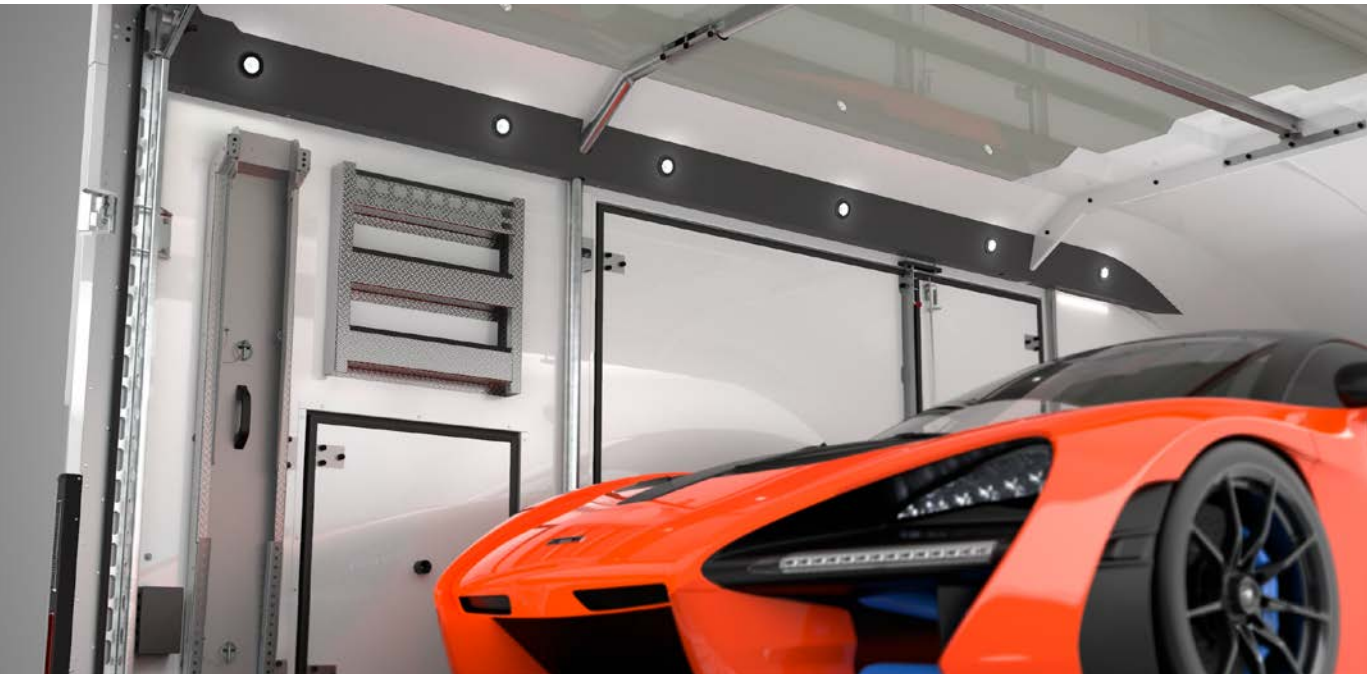
We've got everything covered

Race Transporters represent the result of 25 years of innovation and development of enclosed transportation trailers. Our focus throughout has been to enable customers to choose the trailer specific to their needs, built up from a practical standard specification.

To that end a comprehensive range of options has been carefully created and is offered to provide tailored solutions for your individual requirements.



O Rear facing high level LED floodlights provide extra visibility for loading and working in low light conditions.

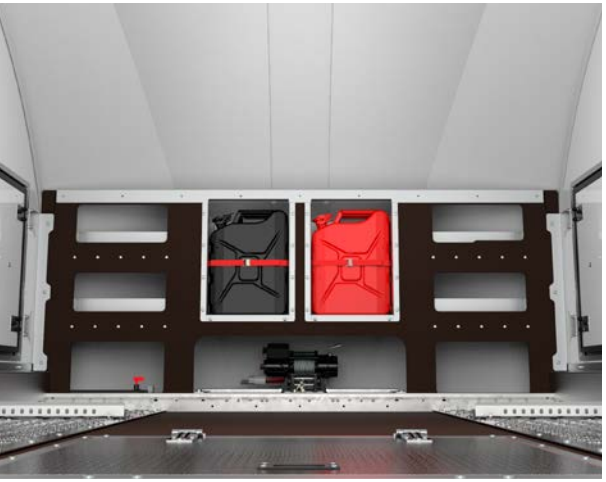


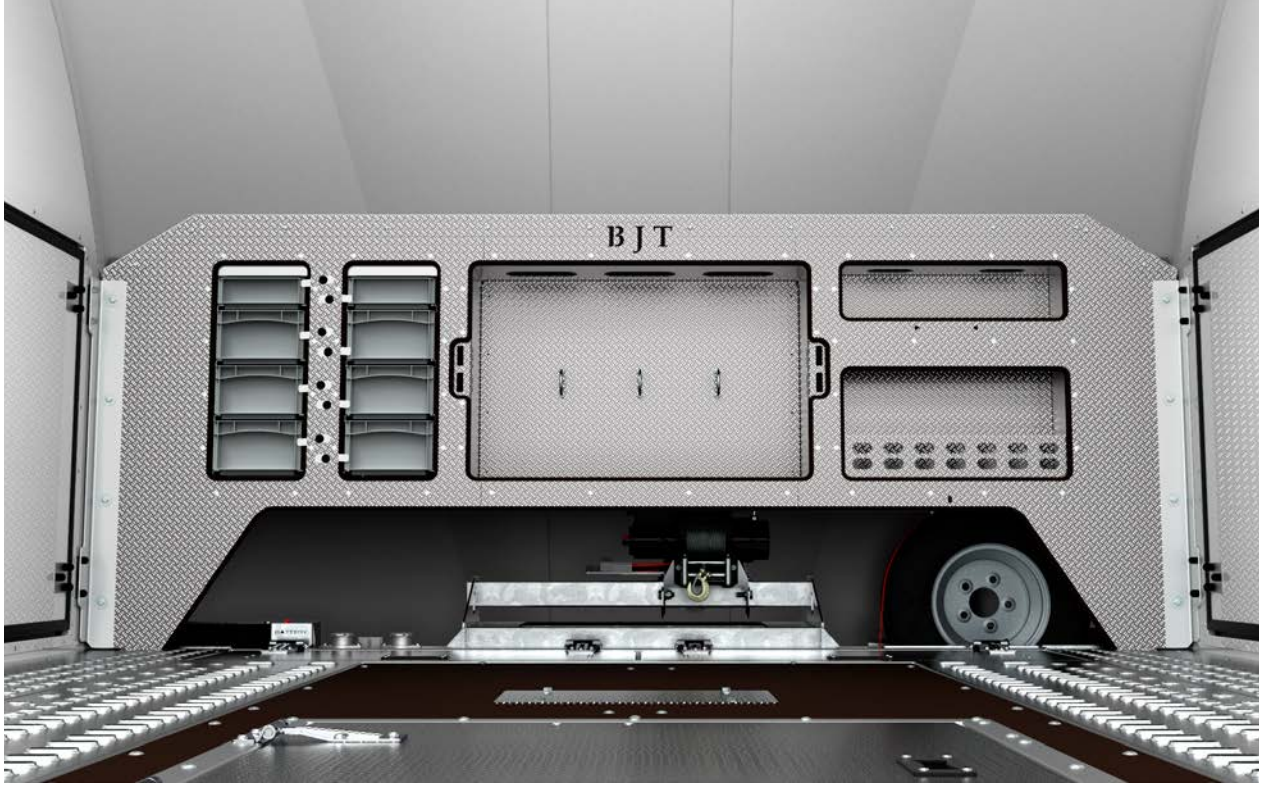
O Additional reverse lights Super bright side mounted LED reverse lights provide valuable extra visibility for close movement at night.

O LED flood light package fully illuminates the trailer interior. Switched separately. Powered by on-board battery and includes integrated bodywork housings.

O Store station with storage shelves and facility to carry 20 litre Jerry cans.

Race Transporter 4 & 5 only.

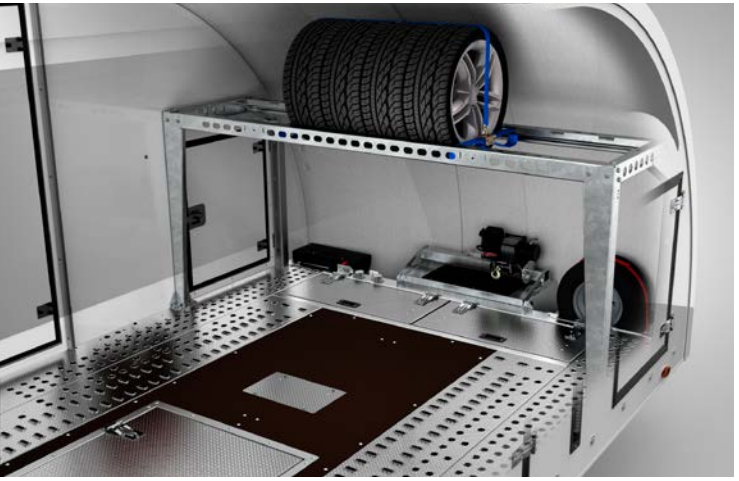




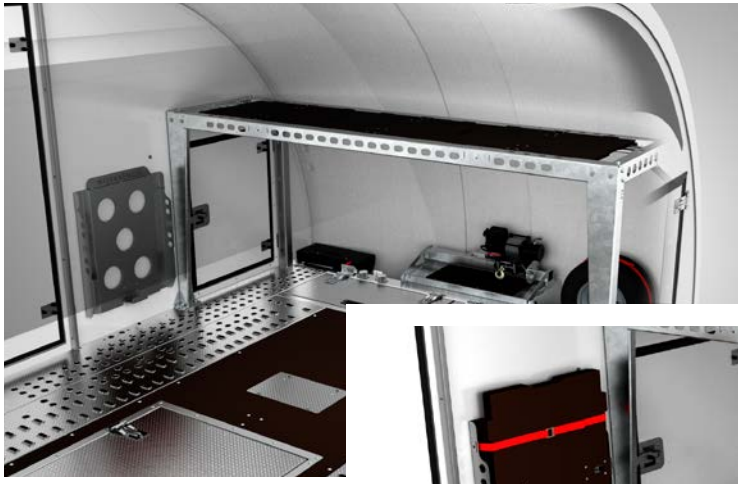
O Premium store station increases storage capacity with 4 x 20ltr Jerry can capacity and incorporates 8 removable storage bins, ideal for organising smaller components.

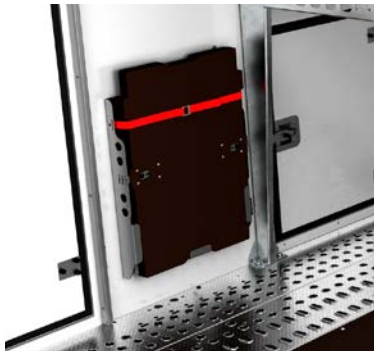
The upgrade is completed by an aluminium triple-grip fascia.

Race Transporter 5 & 6 only.



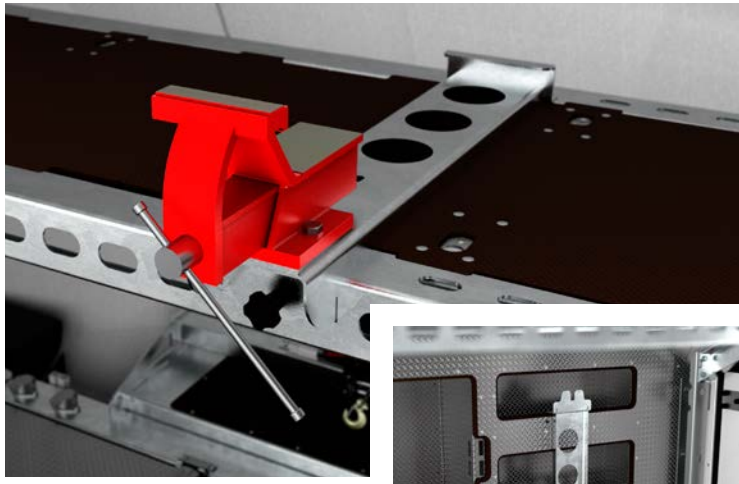
O Tyre rack
Transport of multiple spare wheels and tyres is easily accomplished with a high level tyre rack. Its design places the wheels above average bonnet height, so keeping useful space available on the trailer bed. Safety and security of the transported wheels is provided by a unique strap system.





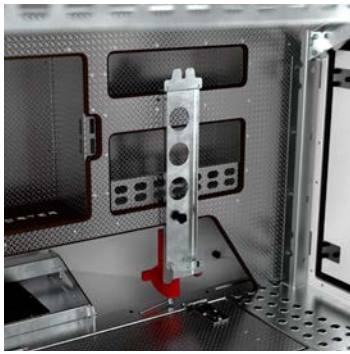
O Workbench
Convert your tyre rack into a usable workbench.

Includes panel station for convenient storage when used as a tyre rack.



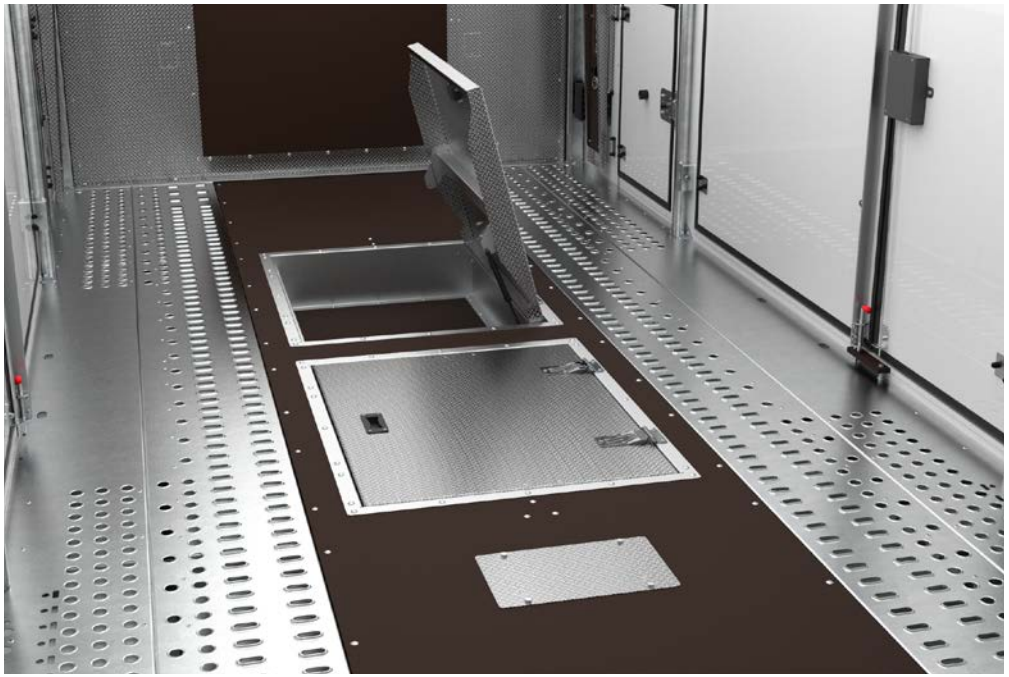
O Workbench Vice
Increase the functionality of your workbench with this fundamental piece of workshop equipment.

Stored out of the way when not in use.

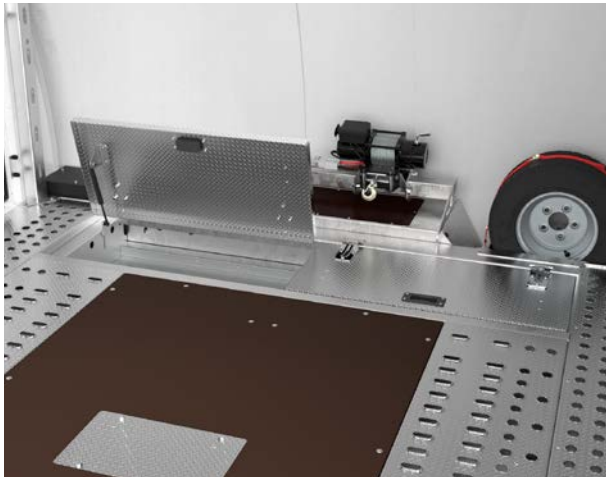


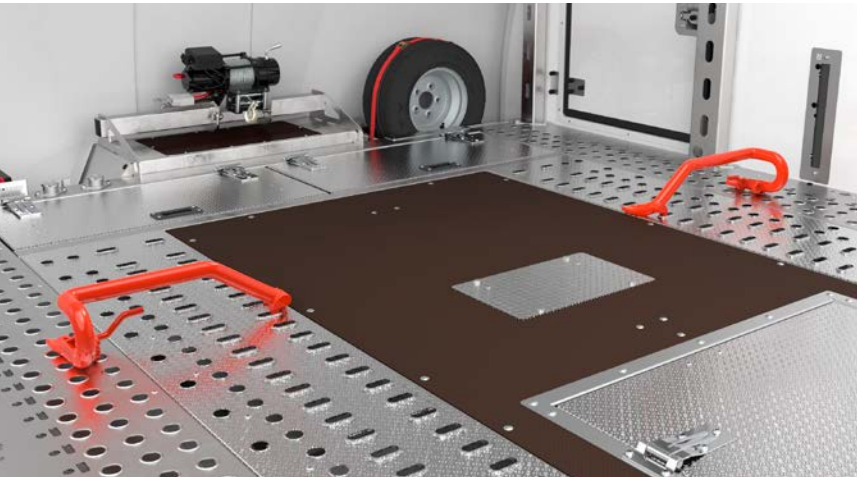
● Standard O Optional at extra cost

O Aluminium side storage racks
Pair (LH and RH) of 3 shelf storage racks for smaller items. 600mm wide x 76mm deep.



O Aluminium gas strut assisted lids
available for front and centre floor storage trays.

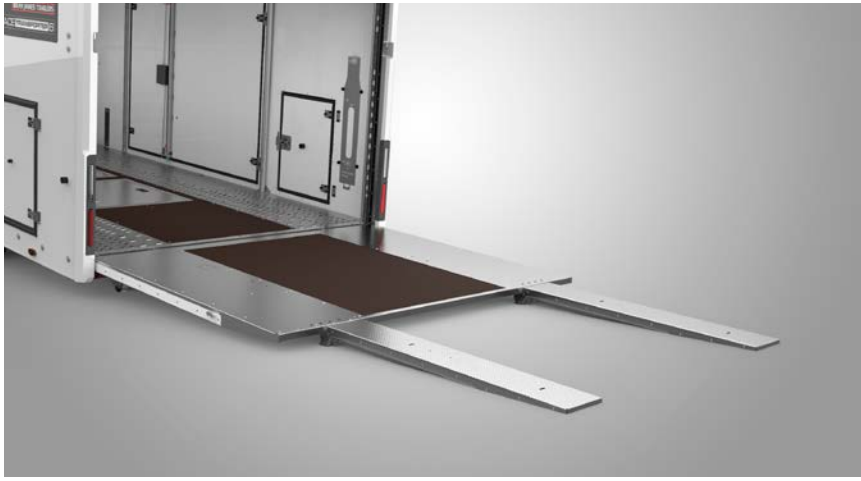




O Commercial type wheel chocks
For use with vehicles with higher ground clearance. Fully adjustable, quick release wheel chock system engages directly into the trailer chassis.

O Tie-down wheel 'sleeve' straps
Approved by car manufacturers and race teams alike, these straps hold the vehicle safely and securely without straining the suspension geometry.

Standard on Race Transporter 5 and 6.



O Assistor ramps offer ultra-low loading angles.
Stored just inside the trailer rear door for travel.

O High roof option
Adds an extra 220mm to internal height.

O Paper towel dispenser

O Hand wash station, 2.5 litre, self contained with the ability to hold and maintain warm water.

O Wheel options
New style alloy wheels available in Silver or diamond cut Anthracite. Alloy wheels features BJT centre caps and safety locking wheel bolts.

O Body Colour
Race Transporter range is available in either standard white or optional black bodywork.

● Standard O Optional at extra cost

RACE TRANSPORTER

QUALITY

Brian James Trailers are manufacturers of class leading trailers, since 1979. When you buy a Brian James Trailer you can be absolutely certain that it is designed and constructed to the highest possible standards. Our engineers combine top-quality craftsmanship with the best materials and first-class presentation. Light but strong, our trailers are crafted to enhance safety, efficiency and durability.

5 Year Extended Chassis Warranty

This Brian James Trailer is provided to you with a standard 1 year non-transferable manufacturers warranty covering the integrity of the chassis, which can be extended to 5 years upon registration.

We warrant that under normal use, outside of accident damage or misuse (meaning driven across unsuitable territory or being overloaded) the chassis will not fatigue or fail to be able to perform its intended duties safely.

Any repair or rectification as a result of a claim under this warranty will be at Brian James Trailers cost and be carried out either at a Brian James Trailers main dealer, or at the factory HQ in Daventry, UK, at the discretion of Brian James Trailers Ltd. A repair may involve removal of the original galvanised surface finish, for which we will not liable to reinstate to its original state.

Brian James Trailers will not be liable for any consequential loss in connection with a claim on this warranty, including recovery fees or transport to or from the place of final repair.

5 year extended warranty applies to the chassis only. All other components are subject to a standard 1 year warranty, subject to fair wear and tear.

Standards
